#### COURSE DESCRIPTION:

This course explores the nexus of Nature, culture, and person. It includes an examination of a number of themes and dilemmas expressed in contemporary environmental thinking. In order to develop an historical and cultural perspective on nature, attention will be given to the influence of western culture on the human/environment relationship. ## **UNIVERSITY OF ALBERTA ACADEMIC INTEGRITY AND CODE OF STUDENT BEHAVIOUR**

### **Plagiarism and Cheating**

The University of Alberta is committed to the highest standards of academic integrity and honesty. Students must be familiar with standards regarding academic honesty and uphold policies of the University. Academic dishonesty is a serious offence and can result in suspension or expulsion from the University.

All students at the University of Alberta are subject to the Code of Student Behaviour, as outlined in the 2014/2015 University Calendar. Students should familiarize themselves with the current version of the code and ensure they do not participate in any inappropriate behaviour as defined by it. Key components of the code specific to this course include the following statements:

- **Plagiarism:** no student shall submit the words, ideas, images or data of another person as the student's own in any academic writing, essay, thesis, project, assignment, presentation or poster in a course or program of study.
- **Cheating:** no student shall represent another's substantial editorial or compositional assistance on an assignment as the student's own work.

The most recent version of the Code of Student Behaviour can be found on line on the University of Alberta web site.

Students should speak with the course instructor about any questions or concerns about the code. Students should be particularly aware of the code as it pertains to internet and library research, use of previous class notes, reclamation plans of former students and interviews or discussions with others.

### **ACADEMIC AND STUDENT CONDUCT**

Information on academic standing and student rights and responsibilities can be found in the current Academic Regulations that are posted on the Student Services/ Admissions & Registration web page.

### **PLAGIARISM**

Plagiarism is a serious academic offence. Plagiarism occurs when students present the words of someone else as their own. Plagiarism can be the deliberate use of a whole piece of another person's writing, but more frequently it occurs when students fail to acknowledge and document sources from which they have taken material. Whenever the words, research or ideas of others are directly quoted or paraphrased, they must be documented according to an accepted manuscript style (e.g., APA, CSE, MLA, etc.). Resubmitting a paper which has previously received credit is also considered plagiarism. Students who plagiarize material for assignments will receive a mark of zero (F) on the assignment and may fail the course. Plagiarism may also result in dismissal from a program of study or the

College.

## **YUKON FIRST NATIONS CORE COMPETENCY**

## **COURSE FORMAT**

### **Attendance and Participation**

Regular attendance at, and participation in, class are required. All students will be expected to participate in seminar discussions and to carry out individual/group activities assigned by the instructor. Students are encouraged to raise questions about assigned readings and current events that relate to course content. Participation will contribute significantly to your final grade.

A student may be withdrawn from a course if more than 10% of the scheduled contact hours are missed in any one course. Withdrawal from a course may result in loss of full-time status and loss of sponsorship funding. If you anticipate a problem, please contact the instructor.

### **Assignments**

Completion of all assignments is required in order to receive a passing grade.

#### **1. Environmental Autobiography (15%)**

This assignment challenges you to describe your personal environmental history and how it has contributed to your current values and choices regarding the natural world. Allow adequate time to carefully reflect upon the significant experiences, including childhood incidents, which have shaped your environmental consciousness and relationships. These autobiographies are due on **October 5**. We will make time to share these with the whole class.

## 2. Term Paper (30%)

Students will write a term paper of approximately 2000 words on a topic of their choice. Students will examine a current environmental issue from diverse perspectives, including their own personal perspective. The scope of the topic should be either northern or global. Term papers are due November 16.

## 3. Seminar (15%)

This assignment requires you present an in-class seminar based on one of the articles from Orion magazine ([www.orionmagazine.org](http://www.orionmagazine.org)) or an approved academic article of the student's choice. Having presented the reading, you will then discuss the relevance of the reading to the North or to the whole planet. The seminar should include a **15-minute oral presentation**, followed by a **15-minute facilitated class discussion**.

The oral presentation should provide an overview of the issue, related perspectives and inherent assumptions behind those perspectives, possible responses/solutions to the issue, and the implications of those responses/solutions. The seminar should also allow for group discussion of these matters, particularly how it relates to the North.

A seminar can be given by a student at any time in the course schedule and students are encouraged to present earlier in the term rather than later. However, class time will be set aside on November 9 and 16 and 23 for these seminars

## EVALUATION

Marks will be distributed as follows:

Environmental Autobiography	15
Mid-term Exam	15
Term Paper	30
Seminar	15
Final Exam	25

### Exams

There is a short take home Mid-term Exam and a take home Final Exam.

Final examinations are held at the end of the semester in the designated examination period. Once a final examination date and time have been published, it cannot be changed. Students are expected to write their exams as scheduled unless there are serious extenuating circumstances beyond their control. For students taking the course as ENVS 200, an extension must be approved by the appropriate Yukon College Coordinator, Chair or Dean. To change an exam, arrangements must be made with the Chair or Coordinator.

Students taking the course as RENR 260 must ensure that they are familiar with the University of Alberta's Academic Regulations governing missed and deferred final exams:

- a. A student who has missed a final exam because of incapacitating illness, severe domestic affliction or other compelling reason (including religious conviction) may apply for a deferred exam.
- b. To apply for a deferred exam, the student must complete a Faculty of ALES *Deferred Final Examination Request Form*, available for download from <http://www.ales.ualberta.ca/CurrentStudents/FormsPrograms.aspx>, as well as supporting documentation pertaining to the absence to their Faculty office. The request form and supporting documentation must be presented within two working days following the scheduled date of the exam missed, or as soon as the student is able, having regard to the circumstances underlying the absence.
  - i. Where the cause is incapacitating illness, the student must provide a University of Alberta *Medical Statement Form*, available for download from the Online Services section of [www.registraroffice.ualberta.ca](http://www.registraroffice.ualberta.ca) OR a *Statutory Declaration* form, available from a Commissioner of Oaths at the U of A Office of the Registrar.
  - ii. In other cases, including domestic affliction or religious conviction, adequate documentation must be provided to substantiate the reason for an absence. In the case of the death of a family member, the student

- should provide, if possible, a copy of the death certificate, or supplementary documentation such as an obituary or funeral program.
- c. A deferred exam will not be approved if a student
    - i. has not been in regular attendance where attendance and/or participation are required, and/or,
    - ii. excluding the final exam, has completed less than half of the assigned work.
  - d. Students with two or more deferred exams outstanding from a previous term may be required to reduce the number of courses in which they are registered.
  - e. The student must seek the approval of the dean or designate of the student's Faculty on the application for a deferred final exam. If approved, students should refer to [Academic Regulations Section 23.5.6](#) for details on writing deferred exams.
  - f. In the case of an approved application for deferred final exam, the student's Faculty will inform the Department responsible for the course of the approved deferred exam. The Department will then notify the instructor.
