## PROGRAM OVERVIEW

Yukon College knows everything depends on water, and is committed to helping you gain the skills needed to work in the drinking water and water sanitation sectors.

Our Yukon Water and Wastewater Operator program (YWWOP) offers a range of courses designed to meet the needs of new and prospective operators, as well as current operators working within governments (e.g. municipal, territorial, First Nation) and the private sector (e.g. mining, water delivery, plumbing). Our courses are relevant to anyone involved with or interested in water and wastewater.

## COURSEWORK TOPICS

- Environmental Operators Certification Program (EOCP) exam preparation
- Water treatment
- Water distribution
- Bulk water delivery
- Wastewater collection
- Wastewater treatment
- Water quality
- Equipment operation and maintenance

[yukoncollege.yk.ca/ywwop](http://yukoncollege.yk.ca/ywwop)

## ADMISSION REQUIREMENTS

There are no formal admission requirements to participate in any YWWOP class.

The Environmental Operators Certification Program (EOCP) has specific eligibility requirements for writing certification exams; please contact EOCP directly for details: [eocp.ca](http://eocp.ca) or 1.866.552.3627.

## PROGRAM DESCRIPTION

Yukon Water and Wastewater Operator program (YWWOP) 'Core' courses are designed to prepare the participant to write a related Environmental Operators Certification Program (EOCP) exam. 'Elective' courses are designed to develop technical, and workplace essential skills related to the water and wastewater sector, and offer continuing education units (CEUs). 'Specialized' courses can be developed to meet the needs of a specific group.

YWWOP courses and EOCP exam sessions are typically held onsite at the Whitehorse Ayamdigut Campus, and can also be facilitated at any Yukon College community campus or surrounding Northwest Territory and Northern British Columbia community on an on-demand basis. Alternatively, YWWOP classes are available through web-conferencing (Zoom) and attending part through web-conferencing and part onsite is an option.

## CERTIFICATION AND EXAMS

The Environmental Operators Certification Program (EOCP) administers certification of water and wastewater Operators in Yukon. To write a certification exam, contact EOCP at least 3 weeks in advance: [eocp.ca](http://eocp.ca) or 1.866.552.3627.

EOCP exams are typically web-based; paper and oral options can be available in certain circumstances.

For the complete schedule of EOCP exam sessions, please contact EOCP directly.

## EMPLOYMENT

The Yukon Water and Wastewater Operator Program (YWWOP) prepares students for employment in the water treatment, water distribution, wastewater collection and wastewater treatment fields with employers such as:

- Municipal, territorial, and First Nation governments
- Mining companies
- Water delivery and wastewater collection companies
- Circuit riders
